II. In consequence of there being no Treasury on the Field, all attached monies have to be sent to the Court by means of money-orders, since the Civil Courts are prohibited from receiving decree amounts directly from any party. The commission on such money-orders may be anything from Rs. 100/- to Rs. 150/- per year. Though this amount of commission is seemingly trifling, yet it touches the pockets of such of the Mining employees as are too poor to bear it.

Quite apart from attached monies collected through the Mine Officers, a number of men send decree amounts direct to the Court by individual money-orders. This means a loss of money-order commission and also time, as in the generality of cases the persons concerned have to go to the Court to get information regarding the number of the decree, the number of the execution case and other details to be filled in on the money-order. Otherwise the money-order is liable to be rejected by the Court for want of necessary particulars.

Sometimes, owing to the similarity of names among the Mine Employees, and in the absence of definite particulars, the pay of wrong persons is attached. In such cases the man has to pay for the money-order commission which is not refunded. He has to attend the Court to represent that his pay is wrongly attached and to get an order for refund. He must then go to a petition-writer and pay him fees to get a receipt written for refund of the money in question. All these troubles involve him in a further loss of his pay for a day or two in proceeding to the Court on the matter. Again, after obtaining a cheque from the Court he then loses another day in proceeding to Bowringpet to draw the money.

Since decree amounts are mostly remitted by money-orders, there must be accumulation of money at the Court, amounting to thousands of rupees.

We are in receipt of your letter dated 8th December 1922,

Bills

Bills 671, re. the proposal to open an account in the Branch of this Bank at Oorgaum relating to Judicial Deposits with the Munsiff at the Fields operating on the account. We understand that these payments will be usually for small amounts, and run into large numbers and necessitate an increase in the staff of the Branch at Oorgaum. We are however prepared to meet the convenience of Government in opening an account in the manner mentioned by you in your letter, and submit the following suggestions for your consideration:-

(1) Payments will be by special cheque forms to be supplied by Government.

(2) All receipts and payments to be included in the Dewan's Account every Monday, and a statement of same forwarded to you duly supported by the paid cheques issued by the Munsiff.

We shall be glad to hear if our suggestions meet with your approval, when the necessary instructions will be issued to our Oorgaum Branch.
